CANDIDATE AGREEMENT

The *Candidate Agreement* is a legal document between the candidate and VMware regarding participation in the VMware Certification Program including access to and use of any Program benefit, VMware Certification credentials, or any VMware Certification logo that VMware makes available as part of the Program.

CERTIFICATION OVERVIEW

The VMware Certified Professional - Data Center Virtualization 2024 (VCP-DCV 2024) certification validates an individual's knowledge and skills with VMware vSphere solutions, including virtual machines, networking, and storage. Job-roles associated with this certification include virtualization administrators, system engineers, and consultants.

In this document we show the different certification paths available to earn the VCP-DCV 2024 certification, depending on what certifications you already hold. You may follow this guide as a learning resource of what is required of you to earn this certification.

FAQs

Will vSphere V6.7 courses satisfy the VCP-DCV 2024 certification upon passing the exam?

No, but if you have taken a vSphere V6.7 course, you may take the [VMware vSphere: What's New \[V8\]](#) or [VMware vSphere: What's New \[V8\] - Digital](#) or [VMware vSphere: What's New \[V6.7 to V7\]](#) or [VMware vSphere: What's New \[V6.7 to V7\] - On Demand](#) course and it will qualify.

Why does the VCP-DCV 2024 have a year designator as its version?

Data Center Virtualization solutions are frequently updated. Having a year as its certification version allows VMware to better maintain the exam and training content, and more importantly, provides certification candidates to communicate how current their skills are in relation to other certifications.

Do I have to complete the requirements in the order listed?

No, however we strongly recommend that you do so. Also, please note that successfully registering to take an exam does not imply that you meet the certification requirements in full.

How do I share my VCP-DCV 2024 badge?

When you've earned a VMware badge, you will receive an email notification alerting you to claim your badge. When you accept your badge, you'll be brought immediately into a sharing workflow that allows you to share to Facebook, Twitter, and LinkedIn, embed in a personal website, or share over email.

I have completed only version 6.5 course; can I complete What's New [V6.7 to V7] course to fulfill the training requirement towards VCP DCV 2024 certification track?

No, only if you have taken a vSphere V6.7 course, you may take the [VMware vSphere: What's New \[V8\]](#) or [VMware vSphere: What's New \[V8\] - Digital](#) or [VMware vSphere: What's New \[V6.7 to V7\]](#) or [VMware vSphere: What's New \[V6.7 to V7\] - On Demand](#) course to fulfill the training requirement towards VCP-DCV 2024 certification.
